## THE MOST COMPACT HIGHCHAIR

A chair that fully adapts to the needs of both parents and children. The solid, stable frame is very light and can be easily folded using the two safety locks on the sides. When folded, the chair stands on its own. Thanks to its compact size, the folded highchair can also be placed in small spaces. The folded highchair is only 13 cm wide. Suitable for children from 6 months to 15 kg.
